1 Wall Street Court is a residential building in the Financial District of Manhattan, New York City. The 15-story building, designed by Clinton and Russell in the Renaissance Revival style, was completed in 1904 at the intersection of Wall, Pearl, and Beaver Streets. The Beaver Building is shaped similarly to a flatiron because of its position at an acute angle formed by the junction of Pearl and Beaver Streets. The building's articulation consists of three horizontal sections similar to the com
